Brand anything .  
Brand anywhere.

# BUILDING BRANDED ENVIRONMENTS

Founded in 1989, PNH Enterprises Inc. ('PNH Solutions') is a large format print services provider of turnkey solutions for events, retail environments, exhibits and trade shows. Based in Montreal and Toronto, PNH Solutions specializes in printing dye sublimated fabric, vinyl, adhesives, rigid and recyclable substrates, as well as providing all the necessary hardware accessories and displays around those offerings. Beyond our standard products, which can all be personalized with any visual, brand name or logo, PNH Solutions also offers fully customized displays and hardware accessories.

PNH Solutions manages the entire project process from listening, ideation and consultation; modeling and 3D rendering; product development and detailed design; prepress and color management; print, sewing and finishing; fabrication and build, kitting and distribution; on-site services (site survey and installation) to client asset management.

PNH Solutions also has departments dedicated to design/build in millwork, metal and electrical work. With a large and diverse manufacturing capability, comprised of the latest, automated equipment and highly skilled artisans, PNH Solutions is able to oversee every step of a production to offer the very best quality control, project management and turnaround time – that's our value proposition!

Recognized internationally for the quality of our products and services, PNH Solutions proudly counts small businesses, large Fortune 500 corporations, event organizers and agencies, entertainment companies, marketing agencies, designers, government organizations and sports teams and leagues, among our loyal clients.

PNH Solutions helps organizations, big and small, 'Brand anything, Brand anywhere,' in full confidence

Mighty Mounts

## MODERN FRAMELESS DESIGN

Adjustable Depth

HOLDS ANY RIGID SUBSTRATE  
UP TO 1" THICK

(as long as it holds its own weight)

Display graphics and attract buyers with single or double sided graphics. Our unique M shaped Steel Base assemblies accommodate up to 1" thick substrates.

Interior holes with carriage bolts and wing nuts support any rigid graphics. Make matching holes in graphics or use without holes holding graphic above the carriage bolts.

Extremely cost effective; graphics are displayed in a modern frameless fashion. Extremely sturdy as all the weight is centered on the floor.

3-1/2" Height off floor, 9" front to back.

# **GREEN POLICY**

**It is our stated mission to continuously look for environmentally sustainable solutions in the materials consumed in our production processes and packaging.**

- We have invested in printers which utilize either, UV, latex or water based inks, having significantly reduced our VOC ( volatile organic compounds ) emissions in the past couple of years.**
- We offer our clients green alternatives in a variety of print substrates whether they be recyclable polyester, organic fiber based fabrics, recycled paper based products or biodegradable pvc.**
- We sort our industrial waste in order to facilitate reuse or recycling.**
- We offer our customers the possibility of returning their printed substrates to us for recycling purposes.**
- Many of our hardware products are either telescopic, extendable or collapsible whereby the amount of packaging materials consumed is minimized while allowing for smaller dimensional weights serving to mitigate the carbon footprint resulting from transportation.**
- Our corrugated boxes and liner boards average 78% recycled content.**
- Our offering of complimentary hardware components made of either recycled steel, aluminum and plastics is rapidly growing.**

**We care about the earth's environment. It belongs to all of us.**
