

HEALTHY OFFICE

Promoting Healthy Workplace Environments

As we get accustomed to a new normal with Covid-19, PNH Solutions is committed to making the transition as easy as possible. Our Healthy Office product line aims to create a safe environment for both your employees and your customers, by encouraging social distance practices.

More than ever, we believe the right products can inspire the best actions.

About

PNH Solutions is a large format print service provider and custom hardware manufacturer that specializes in turn-key marketing products for events, retail environments, exhibits and trade shows. By closely collaborating with our clients during every stage of the design and fabrication process, we develop, entirely in-house, functional and award-winning products that blend cutting-edge large format print, metalwork, millwork and LED technologies.

FabGraphic HUSH panels employ an acoustical FGM Fiber Glass Matt Acoustic liner that significantly reduces the transmission of sound and vibrations, perfect for office applications. The fabric printed covers can easily be removed for washing in cold water, hang to dry. Print options include product images or scenic memorable images into your work day.

Hush Panel is a high performance eco-friendly soundproofing panel with a patented technology. With impressive flame retardant specification combined with the ability too absorb a wider range of frequencies, significantly reducing the transmission of sound and vibrations from one room to another. Hush panel is your optimal choice for any soundproofing application.

- Knob in tray - tightens bottle in place, reduces movement

Reusable Fabric Face Masks

- Filter (sold separately) removes at least 99.427% of airborne particles.*
- Create one or more graphic designs with your logo, slogan, company colors, etc. We also offer 33 designs with either patterns or solid colors. Buy in bulk and save!
- As we print the graphics through a dye-sublimation process, they are embedded (sublimated) into the fabric – wash them in the washing machine and reuse them, without the graphics fading, cracking or peeling.
- Each mask has 3 layers: a heavier printed polyester fabric on the outside, a removable filter and a lighter unprinted sleeve for the filter. The filter covers the nose and mouth to provide the protection you require, while keeping you cool and breathing easily.
- Made with OEKO-TEX® compliant fabric** and water-based inks that are free of harmful substances and do not cause any skin or eye irritations.
- The filter is removable and also machine washable. It is rated for 2 to 5 day use in environments with average pollution. The length of use between washes is a personal matter and up to each individual. Replacement filters sold separately in packs of 10.
- With 3 sizes available (S, M & L), 3 layer construction & 2 finishing options (2 elastic headbands with toggles or ear loops), our masks remain comfortably in place.
- Packaged in a convenient carry pouch.
- Made entirely in Canada

22in x 28in
