

HEALTHY TOURISM

As we get accustomed to a new normal with COVID-19, PNH Solutions is committed to making the transition as easy as possible. Our Healthy Tourism product line aims to create a safe environment for both your employees and your customers, by encouraging social distance practices.

More than ever, we believe the right products can inspire the best actions.

About

PNH Solutions is a large format print service provider and custom hardware manufacturer that specializes in turn-key marketing products for events, retail environments, exhibits and trade shows. By closely collaborating with our clients during every stage of the design and fabrication process, we develop, entirely in-house, functional and award-winning products that blend cutting-edge large format print, metalwork, millwork and LED technologies.

Reusable Fabric Face Masks

Promote your brand name, logo or message, while offering the best protection available for your frontline personnel with our certified, medical-grade level 3 reusable fabric face masks!

Features:

- Combined with a filter (sold separately), our masks are medical-grade level 3 certified, as they meet the ASTM F2100-19 requirements. As the highest attainable level of medical-grade masks, they offer the maximum barrier protection for any situation that has the potential for exposure to heavy levels of aerosols, sprays, fluids and blood.*
- Create one or more graphic designs with your logo, slogan, company colors, etc. We also offer stock designs with either patterns or solid colors. Buy in bulk and save!
- As we print the graphics through a dye-sublimation process, they are embedded (sublimated) into the fabric – wash them in the washing machine and reuse them, without the graphics fading, cracking or peeling.
- Each mask has 3 layers: a heavier printed polyester fabric on the outside, a removable filter and a lighter polyester sleeve for the filter. The filter covers the nose and mouth to provide the protection you require, while keeping you cool and breathing easily.
- Made with OEKO-TEX® compliant fabric** and water-based inks that are free of harmful substances and do not cause any skin or eye irritations.
- The filter is removable and also machine washable. It is rated for 2 to 5 day use in environments with average pollution. The length of use between washes is a personal matter and up to each individual. Replacement filters sold separately in packs of 10.
- With 4 sizes available (S, M, L & XL), 3 layer construction & 2 finishing options (2 elastic headbands with toggles or ear loops), our masks remain comfortably in place.
- Packaged in a convenient carry pouch.
- Made entirely in Canada.

* Following the ASTM F2100-19 requirements, the PNH Reusable Fabric Face Mask, with a filter, passed the medical-grade level 3 barriers of the following tests: Bacterial Filtration Efficiency, Differential Pressure, Sub-Macron Particulate Filtration Efficiency at 0.1 micron, Synthetic Blood Penetration and Flame Spread. Independent test results available upon request.

** Our masks are made of fabric that has the OEKO-TEX® Standard 100 label, meaning that it has been tested for harmful substances. The test was conducted by an independent OEKO-TEX® partner institute on the basis of an extensive OEKO-TEX® criteria catalog. In the test they take into account numerous regulated and non-regulated substances, which may be harmful to human health. In many cases the STANDARD 100 goes beyond national and international requirements.

Option 01

Option 02

Automatic & Manual Pump Dispenser Stands

Automatic Hand Sanitizer Dispenser Stands

- 12" silver powder-coated square steel base, secures to upright with 1 screw from bottom
- Fixed 47 ½" H silver powder-coated square aluminum upright (total height with sign: 65 ½")
- Back plate secures touchless dispenser in place with 4x threaded holes for bolts
- Touchless dispenser with 2 infrared motion sensors using 4x C batteries (not included)
- Dispenser holds about 1 liter of gel (not included) – good for 500 drops
- Optional sign, printed on ¼" thick rigid media

Manual Pump Hand Sanitizer Dispenser Stands

- 12" silver powder-coated square steel base, secures to upright with 2 screws from the side
- Fixed 42" H silver powder-coated square aluminum upright (total height variable depending on sign)
- 4" square steel tray with 2" H lip secures to top of upright with screw from above – works with hand sanitizer bottles up to 4" W x 3.5" D
- Knob in tray tightens bottle in place and reduces movement
- Different snap frame sign sizes available

Clubhouse Usage Guidelines

The clubhouse has been arranged to adhere to Public Health guidelines and offer you the ability to physically distance and consume food and beverage in a safe manner.

Please:

- Follow instructions and signage
- Leave tables and chairs where they are placed
- Avoid 'saving' a table for an extended period of time
- Use tables to consume food and beverage only
- Share a table with only your 'social bubble'
- Wear a mask at all times. The only exception is when seated AND consuming food and/or beverage
- Be mindful that others will be requiring a seat once you are finished
- Keep all of your belongings with you at all times
- Completely clear your table of garbage and belongings when finished
- Avoid using cubbies and coat racks

Thank you for your cooperation.

General COVID-19 Protocols

We ask that while present you observe the following guidelines:

- Read and follow instructions and signage
- Adhere to physical distancing guidelines of 2m or 6ft indoors and outside
- Wear an appropriate face covering in all indoor areas and while loading/riding the chairlift
- Do not congregate in groups or with those outside of your 'social bubble'
- No personal alcoholic beverages permitted
- Do not visit if you are sick or feeling unwell

Staff will be monitoring the adherence to the above guidelines.

Access is not permitted to anyone who:

- Has travelled outside of Canada in the past 14 days
- Has been in contact with someone who arrived from outside of Canada in the past 14 days
- Has been in close contact with a known or suspected case of COVID-19 in the past 14 days
- Is awaiting COVID-19 test results
- Has been directed to isolate or quarantine

Management would like to thank you for your cooperation and for respecting the COVID-19 Guidelines. Our goal is to keep our members, guests and staff safe.

Please help prevent the spread of COVID-19

Face covering required indoors
and while loading/riding the chairlift

Cover you cough or sneeze

Wash your hands frequently

Avoid touching your face

Practice physical distancing
of 2m or 6ft

WEAR A MASK

To help keep everyone healthy
all customers must wear mask
upon entering the event.

COVER YOUR COUGH & SNEEZE
